summer art camps

for tots, kids, and teens

let's create together

Art camps at Kimball Art Center are a unique and enriching experience where tots, kids, and teens can learn while having fun all summer long.

All sessions are taught by professional, practicing artists with teaching experience and a personal investment in art education.

Classes without a specific instructor noted are taught by Kimball Art Center staff.

All art materials are included in the catalog class fee unless otherwise noted. Due to drying and firing times, clay pieces will be available 14 days after camp.

Members receive 10% off class registration!
