

LESSON 2 - YAYOI KUSAMA - PATTERNS & SYMBOLISM

ART WORKSHEET

Yayoi Kusama (born 1929) is a Japanese artist who is known for her repetitive use of polka dots and for her infinity mirror art installations.

Repetition is when one object or shape is repeated. A **pattern** is a design in which lines, shapes, forms or colours are repeated.

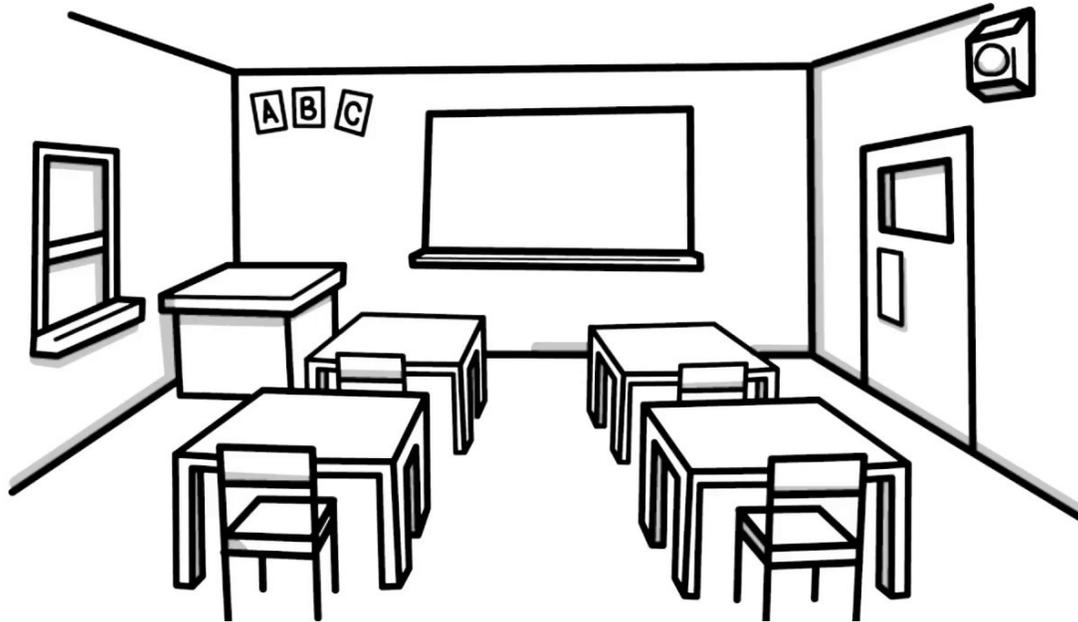

- *Create a pattern using 4 different shapes and colors.*

Symbolism is when one object or thing stands in the place of something else, such as an idea, another object, a person, or a place.

- *Draw a symbol that represents you.*

An **installation** is room-sized or larger, in which the whole space is considered a single unified artwork. It's different from a gallery room filled with works by multiple artists or an exhibit space with a selection of works by one artist. The installation is one cohesive work of art.

•Draw your classroom with an awesome art installation filling the space.

•Color this in with 1 light and 1 dark color..
